

NEUTRINO 2018

XXVIII INTERNATIONAL CONFERENCE ON NEUTRINO PHYSICS AND ASTROPHYSICS

4-9 June
Heidelberg

26th March 2018

Dear participants,
there are only 70 days left until Neutrino 2018 starts and we will welcome you in Heidelberg for a week of discussion and exchange. Below we have compiled some useful information for you:

Poster Abstracts

The deadline for the submission of poster abstracts is approaching. Submissions are possible until 1st April 2018. Poster sessions are on Monday and Wednesday. Per poster, there should be one of the authors presenting their poster during the entire session. There is a poster prize competition allowing finalists to give a two-slide oral presentation (3 minutes) during one of the plenary sessions preceding the poster sessions. Please find more information and the submission form at <https://www.mpi-hd.mpg.de/nu2018/contributions>

Accommodation

Heidelberg is very popular amongst tourists and the conference starts on the weekend of the annual castle illumination and fireworks. We recommend therefore that you book your hotel as early as possible. We have a limited room contingent reserved for you. You can find it at <https://www.mpi-hd.mpg.de/nu2018/travel>

Scam regarding Accommodation

We were informed that an imposter, claiming to be a travel agency, is contacting participants via telephone or email. He offers presumably fake hotel rooms. We are not connected to that entity. Please do not book those hotel rooms. You will likely become victim to a fraud. In case you have already booked hotel rooms offered by the imposter, get in touch with us please.

Satellite Events

Before and after Neutrino 2018, a couple of neutrino-related events take place in the vicinity of Heidelberg. Participation in those events is easily combinable with your stay in Heidelberg. You find more information at <https://www.mpi-hd.mpg.de/nu2018/satellite>

Financial Support

A limited amount of financial support will be awarded, preferentially to young scientists, to support attendance of the conference. Application is possible until 1st April 2018. Please note that we require a brief letter of recommendation.

Payment Deadlines

The payment deadline of the early bird and standard tickets is 1st April 2018. Should you apply for financial support, please delay payment until you have been informed on the height of your financial support. Payment deadline for the late tickets is 1st May 2018.
